Fuel Injector Cleaner
(Fluid – Gas Tank Additive)

This unique blend of solvents, polymeric dispersants and the patented FX-216® cleans fuel injectors and intake valves without disassembly. Just add to the gas tank to remove varnish, gum, sludge and carbon deposits and improve engine power and fuel efficiency.

Benefits
• Removes varnish, gum, sludge and carbon deposits
• Improves engine power, performance and fuel-efficiency
• Decreases harmful hydrocarbon and carbon monoxide emissions
• No disassembly required
• Oxygen-sensor safe

Details
Quantity: 12
Unit: 16 oz.
Pack: bottle

Part Number: SOA868V9150
